

SOVAH Health

Henry County Food Pantry is blessed to have received a donation of \$10,000 from the medical providers that serve SOVAH Health. Their dedication to the health of our community is unparalleled. We are grateful for this partnership and the ability it provides to many of our most vulnerable residents facing nutrition based chronic diseases. (Thank you Dr Parikh for representing the medical providers!)

Clothes Closet has expanded!!

In December HCFP updated and expanded the Clothes Closet, making it more accessible and efficient for both clients and volunteers. Improvements to the layout and organization have simplified the shopping experience for families while allowing volunteers to work more effectively. These updates have helped create a more welcoming, dignified space where clients can easily find essential clothing and household items, further strengthening our ability to support individuals as they work toward stability and self-reliance.

Eastman

We would like to extend our sincere appreciation to Eastman for allowing nearly 40 members of their team help the Henry County Food Pantry over three weeks!

The assistance was desperately needed to prepare for tremendous expansions throughout the food pantry and clothes closet to better serve our community.

We are truly grateful for Eastman's support and commitment to giving back to our community.

SPCA

We would like to extend our sincere thanks to the SPCA for their continued partnership with the pet food program. This support allows us to help families care for their pets during times of hardship, ensuring that no one has to choose between feeding themselves and feeding their companion animals.

Help Needed:

- Volunteers!!!
- Cleaning Supplies (dish detergent, general purpose cleaners)
- Hygiene Items (deodorant, body soap, shampoo)

Thank you Hunters for the Hungry

We want to share a sincere thank you to Hunters for the Hungry and to every hunter who donated their deer this season. Because of your generosity, more than 3,000 pounds of venison were donated to the Henry County Food Pantry.

Your willingness to stay out in the field and give back in such a meaningful way truly shows the heart of our community. We are grateful for your time, effort, and commitment to help put food on the tables of each of our neighbors. Thank you for making a real difference.
